

PRESS RELEASE**Dacom West GmbH Becomes Distribution Partner for Goodram Industrial in Germany, Austria, and Switzerland**

Dacom West GmbH is pleased to announce that it has become the official distributor for **Goodram Industrial** in the **Germany, Austria, and Switzerland (DACH)** region, effective immediately.

Goodram Industrial, a brand of the Polish manufacturer Wilk Elektronik, has established itself as a trusted provider of high-quality memory solutions for industrial applications. Its product range includes eMMC, DRAM modules, and flash storage – all designed for use in demanding industrial environments. The company is known for its product reliability, long-term availability, and innovation.

By adding Goodram Industrial to its portfolio, Dacom West further strengthens its expertise in industrial memory technology and enhances its position as a trusted partner for industrial electronics in the DACH market.

“We are very excited about our partnership with Goodram Industrial. Their high-quality, European-engineered products align perfectly with our mission to supply industrial customers with durable and high-performance solutions,” says Thomas Graffweg, Line Manager for Flash products at Dacom West GmbH.

This collaboration opens new market opportunities for both companies and enables customers in Germany, Austria, and Switzerland to access a wider range of professional memory solutions – backed by Dacom West’s technical expertise and customer service.

We look forward to a successful partnership!
